VIT Bhopal University   **Bhopal, Madhya Pradesh, India**
Master of Computer Applications   *August 2022 - September 2024*
The Bhopal School of Social Sciences   **Bhopal, Madhya Pradesh, India**
Bachelor of Computer Applications   *July 2019 - April 2022*

WORK EXPERIENCE

SDE Intern

Braktt Technologies, Madhya Pradesh, India   *May 2024 - Present*

- Utilized React JS, Next JS, and Tailwind CSS to revamp the company website, ensuring cross-browser compatibility and improving responsive design, resulting in a 20% increase in user engagement.
- Played a key role in developing the CreatorHunts platform using React.js and Material UI, enhancing user interface design and functionality for seamless user experience.
- Implemented clean code practices to enhance web design and responsiveness of client projects, leading to a 30% improvement in overall site performance metrics.
- Collaborated with cross-functional teams to incorporate CSS frameworks into project workflows, resulting in a 40% decrease in development time and a 25% increase in client satisfaction.

PROJECTS

- **MovieGeek**: Movie Geek

  - A movie information application using React.js and Firebase.

  - Modern and responsive design built on the Chakra UI.

  - Integrated TMDB API to fetch various movies and shows data.

  - Search for movies and shows. Add or remove movies and shows from your watch list.

- **Expense Tracker**: Track your expenses

  - An expense tracking application using React.js and Tailwind CSS. Adding positive value counts as income and adding negative value counts as expense.

  - Show your balance at the top. Integrated redux to store and manage expenses data.

- **SmartScore**: QUIZ UP!!

  - Developed a Quiz application using React.js, RESTful API integration, and responsive design principles for optimized performance across devices.

  - Integrated Open Trivia API to fetch various quiz questions.

  - Select from a variety of categories and difficulty level.
